

Windom Area Health offers Direct Access Laboratory Testing, giving you the freedom to order several lab tests quickly, conveniently, and confidentially without a provider's orders. All testing is done in our accredited laboratory and performed by the laboratory staff at Windom Area Health. Anyone under age 18 must be accompanied by a parent or guardian (with the exception of a pregnancy test).

Direct Access Laboratory Testing was developed to help you monitor certain ongoing health risks or to assess the potential for health risks. The tests are a helpful tool but should not be used as a substitute to visiting your provider on a regular basis.

Direct Access Laboratory Testing

Convenient and Confidential Testing to Monitor Your Health

AVAILABLE TESTS

All tests are offered pay-for-service. Insurance will not be billed and payment is required at the time of service. We accept all major credit cards.
